The Price of Coal Advanced and Higher Rates Promised.

to-day, chiefly because of the mystery envelone time it was romored that the Committee had been unable to agree and that a report to that effect would be handed in. Whether true or not the mere statement was suffi-

In addition to this the advance in the Bank of England discount rate to 5 per

cent. On top of this came the announcement that John B. Gleason had applied for a Receiver of the Sugar Trust in the Supreme Court of Kings as usual, affected to disparage the suit, but the room-traders and those with early information about the action were liberal sallers, and the stock broke from 80% to 77%. At the close when it was stated that the suit had been withdrawn there was rally to 70%.

A feature of the afternoon trading was the weakness of the Atchison securities and Union Pacific. Atchison stock fell 15% to 30%: Atchison incomes 114, to 60, and Union Pacific 17% to 5614. The decline was accompanied by a report that a Boston concern had failed, but this was not confirmed. In the final sales the market was a fraction

The Western coal agents have advanced prices 15 to 25 cents per ton. Eastern rates will be 15 to 25 cents higher after Oct. 1. The sales at the New York Stock Exchange were 175,500 shares of listed stocks, 155,000 onness of silver, 5,000 barrels of Buckeye oil and 15,000 barrels of Pennsyl-

Counties' Proposal for Union.

They Will Unite on Congressmen-" See You Later About the Rest,"

County Democracy chiefs have taken the mitiative in answer to the plea of the State Committee for harmony between the Democratic factions in this city.

Commissioner Gilroy to-day received a let-ter from Chairman Jackson, addressed to him as Chairman of the Tammany Hall Comon the subject of a union on candidates for

Congress and the Assembly. No reference is made to the request of the State Committee that there be also a union on the municipal and county ticket. This is explained by Ernest Harvier, the County HE stock market was explained by Ernest Harvier, the County police, and yet one of the saddest bits of personal police, and yet one of the saddest bits of leader in the Ninth District, and life's history is revealed by the death of the one of the Conference Committee.
'The Committee who would confer on be-

oping the action of the half of the County Democracy," said he. Tariff Conferees. At "consists of Judge Power, Thomas Costigan, Alston G. Culver, Charles A. Jackson, Joseph E. Newburger, State Senator Ahearn, ex-Corporation Counsel Beekman and my-

"Our first duty will be to attempt to bring about a union on Congressional nominees. If no union is effected by Oct. 4, when our conventions are to be held, the cient to set everybody County Democracy will designate its own candidates for Congress.

"The request of the State Committee for a union on municipal caudidates was ignored after a long debate, because the His grandfathers majority of the leaders contended that the State Committee has no right to interfere in was dead when they entered the room, but John O'Connor, who was one of majority of the leaders contended that the

The other important testimony brought out was largely as to Birchall's knowledge of the swamp where Benwell was found. One witness swore that he heard Birchall say in the Spring of 1890 that he knew where Mud Lake was and had been hunting there about three years previously.

Mud Lake is situated in a lonesome place thing as a strike. But about a year ago the of Dr. McGonigal for the killing of Anne in the swamp and is reached by a trail on Cigar Manufacturers' Association decided Goodwin, was continued for three hours terring the woods from the Second Concesin the swamp and is reached by a trail ension line of Blenheim, and it is a singular fact that the scene of the murder is only a few yards from the trail. A theory generally held by those who be-

heve in the prisoner's guilt is that he was Birchall, or, as he was then known. "Lord Somerset," burning on the trail near Mud Lake in the Fall of 1888. These facts, that Sirchall knew where

Lake in the Fall of 1888.
These lacts, that Birchall knew where Mud lake was, that lee knew the trail that led to it, and that the body was found within a stort distance of the trail, are regarded as of great importance.
The other lacts adduced were as to the arrest of Birchall at Niagara Falls and the fluding of Henwell's keys and Benvell's pencil on his person.
Birchall spent the greater portion of yesterday afternoon taking notes of the case. About a bundred ladies were in the court-
